

I call on you to hold AN OFFICIAL PUBLIC HEARING in my state.

Before the disastrous 2003 decision to weaken media ownership rules (which a federal court has now overturned), you held only one official public hearing. Further, FCC officials met behind closed doors 71 times with major broadcasters – but only five times with public interest groups. And to justify your actions, you used deceptive, industry-sponsored research data.

The will of Big Media had been heeded at the expense of American citizens and democracy itself. This has to end. Before you rewrite the ownership rules, I demand an official public FCC hearing in my state, impartial and verifiable research, and transparent debates.

It is time to put the needs of democracy – a diverse, skeptical, independent and competitive media system – ahead of profit-hungry media giants.

When "We The People" (remember us?) make a strong request for review of the actions of the FCC and those requests are ignored, (ONE PUBLIC meeting to 71 SECRET?? that is ignoring?) it makes "We The People" think "there's something rotten in Denmark". All that secrecy, what are you hiding or fearing??

Is the payoff just too big to stay democratic, ethical or honorable? Are we not seeing the forest for the trees? No I think the reasons unfortunately are far more sinister.

I look forward to hearing from the FCC and what it plans to do in a democratic and lawful way.
Thank you.
